

## MEET SAM. MEET ADAM.

Sam Rhodes and Adam Swedenburg have teamed up together in a monumental covenant between friendship, family and purpose. Their desire is to become the bridge between the local church and the personal dreams of its community.

They both are ministers, entrepreneurs, leaders, business owners, mentors, coaches, husbands and fathers of inter-racial children. In 2006, Sam and Adam launched a successful entrepreneurial and leadership business program, targeting 16-25 year olds that addressed their role in life outside the 4 walls of the church. Since then, they haven't turned back.

"We take dreamers and idea enthusiasts, the ones that understand they're not the 17% of the body of Christ that will end up in the five-fold ministry. Our job is to teach, train and guide them to be successful in their endeavors." Sam and Adam speak on Leadership, Mentoring, Fatherhood and Business.

We will customize our speaking engagements to meet your organization's specific needs. Achieving your end-state is our priority. Growth, development and commitment to positive change is our mission.

## TOPICS INCLUDE

**FATHERHOOD:** To be an effective father and husband, after having never seen one, takes an unprecedented measure of faith and determination. In this powerful presentation, we discuss the importance of using information, knowledge and wisdom to bring back the true institution of family.

**MENTORING:** Our country is at an all time low for true "meaningful mentors." Why? The culture our mentors grew up with, is not the same culture as the ones that need to be mentored today. We address the fundamental changes that must be implemented in order to make mentoring "meaningful and effective."

**DIVERSITY:** Even in 2011, the most segregated time in our country is on Sunday mornings. This is one of our most heart-felt subjects. Inter-racial marriages. Mixed children. And churches that refuse to serve because of skin color. We'll help you win a community, not just a neighborhood.

**BUSINESS:** If 17% of the church is called to be Apostles, Prophets, Evangelist, Pastors and Teachers, then what about the other 83%? The number one barrier to forward progression as a Christian entrepreneur or business owner is resistance and fear. We will teach you how to push through resistance and birth your dream into reality.
